

Mr. McQuerrey, Ms. Abeln, and to Whomever else contributed so much time and effort to the Veterans Day event at South Middle on Nov 11,

I just wanted to voice a sincere heartfelt *thank you*. We are an active duty military family, and I can't express to you enough what an emotional experience it was yesterday to participate in the Veterans Day parade at your school. In all the places we have lived, we have never seen school leadership make such a concerted effort towards this particular day.

In a current-day-culture where our Nation is so often divided, you directed your students to pause and Honor the generations that have gone before, and I am humbled and impressed and grateful... not just to have been a part of it but that *your* leadership inspired and taught *my* children to recognize and applaud something bigger than themselves.

You are doing an amazing job, and I just wanted to say thank you.

Have a blessed weekend,

Thank you so much for the wonderful parade for the Veterans!!! It was absolutely touching to see so many joyful students, faculty and staff!!!! We've hung up all the letters and even a sign that one of the students gave us at the end of the parade when I jumped out to take some photos!! The band was an awesome touch!!!! I'll share more photos and some video soon!!!

We look forward in participating next year!!!!
Much appreciated,

Activities Director
