Quote from Mrs. Drinkwater

“The storied Leander Band program has been a source of community pride for decades. It is a special organization whose members become a part of an extended family long beyond their years in high school. The standing traditions of excellence, work ethic, passion and perseverance are hallmark program characteristics that contribute to the development of memorable performances on field and stage year after year. Being a part of the Leander Band forever imprints the hearts and minds of those who take part and pride in membership.”

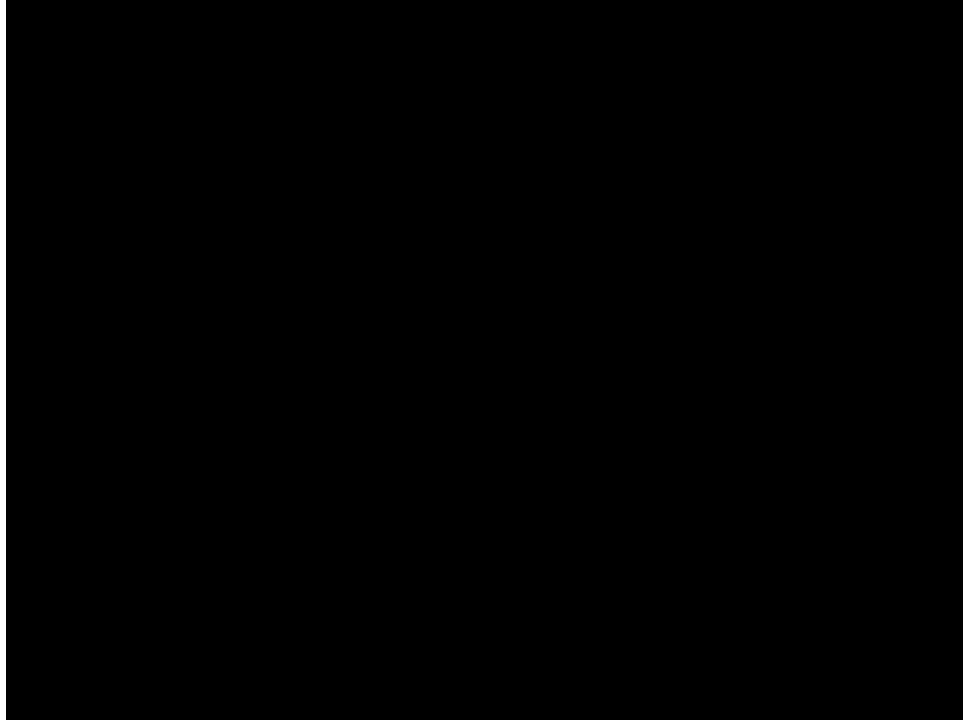

Amanda Drinkwater

Former Associate Band Director, Leander High School

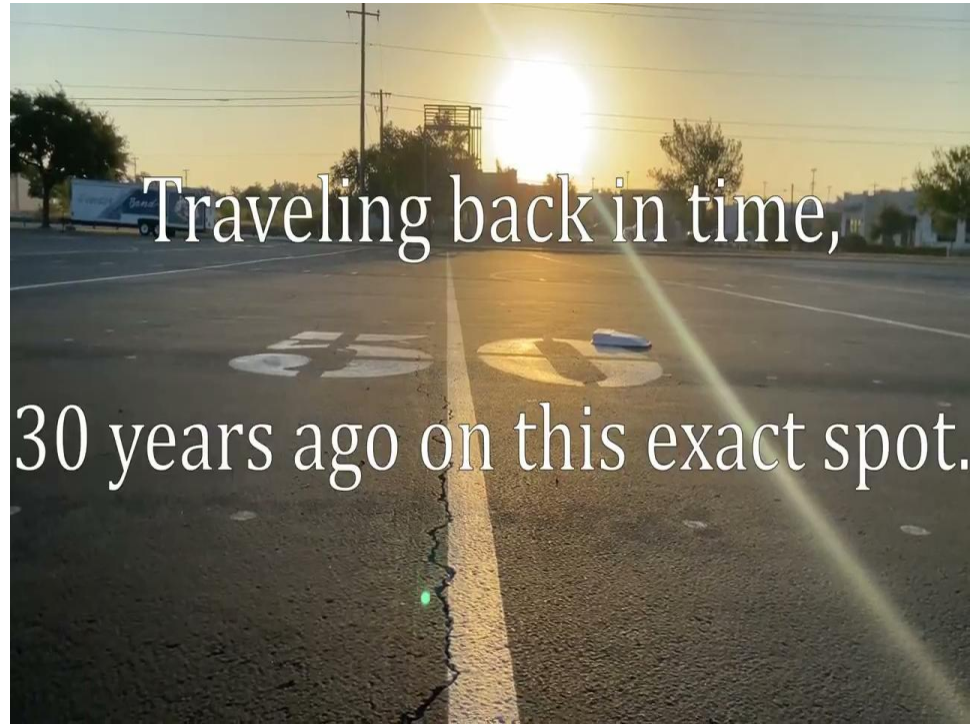

1995 — 2001
